Trustees Implement Recent IRS Ruling

Beginning with the February paychecks, most Cal State employees will take home a few dollars more from their paychecks because of a CSU Board of Trustees ruling decision.

The Trustees adopted provisions last week to implement a recent Internal Revenue Service ruling relating to tax treatment of retirement contributions paid by CSU employees who belong to the Public Employees' Retirement System (PERS).

Beginning with the February pay period, retirement contributions from an eligible employee's salary will be deducted before federal and state taxes are withheld. This means that taxes will not be due on the employee's share of retirement contributions until he/she retires or is otherwise separated from service and the contributions are received. Current taxable income will be reduced by the amount of the PERS contribution, thereby reducing current federal and state income tax withholding.

University employees not covered by PERS are those individuals appointed for less than six months and less than half time. They do not pay into the PERS program and receive no benefits from it.

For employees who belong to PERS and also are covered by a collective bargaining contract, the CSU and the appropriate union must agree that this benefit will be provided. Agreements have been reached with three unions and talks with other unions are underway.

Other actions by the trustees at their January meeting include:

- * Designated age 70 as the mandatory retirement age for CSU employees, to conform to Assembly Bill 398; clarified appeal procedures for continuation of employment beyond age 70 upon certification of adequate performance, and included Management Personnel Plan employees in the provisions.
- * Adopted internal regulations to allow current or newly hired employees to receive reimbursement for moving and relocation expenses, within budgetary constraints, incurred by change of residence because of a new assignment, promotion, or other reasons. Determination of who is to receive such reimbursements and the amounts will be made by the chancellor or campus president.
- * Directed the chancellor to provide a receptacle for deposit of lottery revenues, taking appropriate action, including legislative action if necessary, to have such a fund established and to provide the Board with sole discretion for use of the funds, within the laws established by Proposition 37.
- * Adopted the five-year Academic Plans for the 19 campuses, covering the years 1985-86 through 1989-90. The plan for the San Bernardino campus includes approval to develop an M.A. in rehabilitation counseling. If the degree program is approved, it would be implemented next fall. The university also has approval to develop a B.A./B.S. program in industrial studies, an M.S. in health science, a B.S. in nutritional science and a B.S. in speech pathology and audiology. Once a degree is on the master plan, the university may proceed to develop the proposal which shows need, local support, facilities and budget. After this proposal is approved, the degree program may be offered.

Employees Warned To Transfer Sales Calls

An influx of telephone calls from questionable salesmen have been received by several campus offices. According to Jan Lemmond (Support Services), all such calls should be transferred to the Purchasing Office.

Reminder

The bookstore will be closed today for semi-annual inventory. Regular hours will resume Monday.

Evening Open House Dates Set Feb. 4-5

Indian Dinner Switched To Commons

The Cal State Associates' Indian Dinner on Saturday evening, Feb. 9 will be held in the University Commons, rather than the home of Dr. Judith and Glenn Rymer, due to the overwhelming interest.

The larger facility will allow all members of the Associates who wish to attend to make reservations to do so. The dinner, a planned potluck, features foods of India and a slide program on the recent Indian elections by Dr. Brij Khari (Political Science). Dr. and Mrs. Khari are chairs for the event.

Reservations for the dinner must be made with Jan Lemmond (Purchasing), Ext. 7591. The deadline for reservations is extended to Tuesday noon, Feb. 5 because of the change in location.

Membership in the Cal State Associates is open to all faculty and staff of the university.

Tennis Teams Take To The Road

The Coyote women's tennis team will hit the road for a trip to San Diego to take on UC San Diego Saturday, Feb. 2 at 10:30 a.m. The men are idle this week.

Coach Michael Muscare's tennis teams' debut was a smashing success as both teams were victorious in their first intercollegiate tennis matches. The men defeated Whittier College 8-1 while the women were victors by a score of 7-2.
